The place from [Mount Vernon](#) offers **37** different **dishes and drinks on the menu** for an average price of \$16.0. Patrons of this local Korean BBQ restaurant have encountered a blend of memorable meals and disheartening service. While many praised the quality and flavor of dishes such as pork belly and short ribs, others reported inconsistencies, including over-salted teriyaki and soggy dumplings. The ambiance received mixed reviews, with some noting cleanliness and attentive staff, while others highlighted issues like dirty utensils and sticky floors. Although the dining experience can be enjoyable, especially for group grilling, the recent disappointments in service and food quality may leave some guests hesitant to return. Overall, it remains a restaurant with potential amidst its challenges.
