A comprehensive [menu](#) of Cheddar's Scratch Kitchen from Charlotte featuring all 40 meals and drinks can be found here on the list. **Restaurant Review: Cheddar's Restaurant, Charlotte** Cheddar's Restaurant in Charlotte offers a cozy dining experience with a diverse menu that appeals to families. Diners rave about the juicy baby back ribs and the must-try broccoli casserole. However, recent visits reveal inconsistent service, with complaints about long wait times and staff shortages. While many enjoyed dishes like chicken tenders and honey butter croissants, others reported tough steaks and food discrepancies. Despite some negative experiences, the lively atmosphere and quality food keep patrons hopeful for better visits in the future. Overall, Cheddar's may satisfy cravings, but the customer service needs significant improvement.
