A complete [menu](#) of Great Lakes Bloomfield Coffee from Bloomfield Hills covering all 34 courses and drinks can be found here on the card. Once a beloved local favorite, Maple has recently faced criticism for its declining service and quality. Patrons note long wait times for orders, mistakes being made, and a lack of attentiveness from staff, leading to disappointing experiences. Although the atmosphere remains pleasant and the coffee decent, many customers feel that the excitement and personal touch have waned. While some still appreciate the cozy setting and unique offerings, such as chai lattes with lavender, the overall sentiment suggests a need for improvement in both service and product quality to regain its former charm.
