Here you will find the [menu](#) of **Ziggy's Cafe** in Havelock. At the moment, there are **36** dishes and drinks on the menu. Renowned for its tasty offerings, this local eatery delivers a homey breakfast experience that patrons rave about. Highlights include the Country Fried Steak and hearty portions that promise satisfaction. However, diners should brace for significant delays, often waiting up to an hour for food, which can detract from the experience, especially given the disparity in service times for different customers. While some visitors appreciate the friendly staff and home-cooked feel, issues with inconsistent service and long waits might dissuade repeat visits for those seeking a quicker meal. Overall, it's worth a visit if time isn't of the essence.
