A complete [menu](#) of Longhorn Steakhouse from Wichita featuring all 37 meals and drinks can be found here on the menu. The local steakhouse presents a varied dining experience, blending pleasing flavors with inconsistent service and preparation. Many patrons praised the excellent steaks and a few delightful dishes, while others reported overcooked meals and overly salty offerings. Service was often described as efficient but occasionally impersonal. Noteworthy highlights included the timely delivery of orders and accommodating staff, even for larger groups. However, concerns about portion sizes and food quality akin to cafeteria standards surfaced among diners. Overall, guests seemed willing to return for the good food but with tempered expectations regarding consistency and attentiveness.
