The restaurant from [Mobile](#) offers **39** different **dishes and drinks on the card** at an average \$9.7. Nestled in a charming locale, this restaurant offers a mixed experience for diners seeking a taste of [Mexican](#) cuisine. While the food garners positive nods, especially for tacos and handmade corn tortillas, the ordering process and service leave much to be desired. Many patrons have encountered order mix-ups and slow delivery, which dampens the overall enjoyment. However, the vibrant atmosphere, refreshing margaritas, and outdoor seating charm guests, making it a popular choice for gatherings. With potential for improvement in service and portion sizes, this restaurant stands as a promising, albeit imperfect, dining destination.
